

Explore Europe with Neuroinclusive Mobilities

For many neurodivergent learners and vulnerable adults learning mobilities represent their first journey outside of their home country. A well-planned mobility empowers learners to step out of their comfort zones in a safe and supportive environment, enabling them to build confidence, foster independence and create lasting memories. Through a structured learning pathway for **trainers, accompanying persons, and both sending and hosting organisations**, IMPACT provides competences, tools and practical guidance to make learning mobilities more accessible, better organised and as rewarding as possible for everybody involved.

CORE ELEMENTS OF IMPACT

Understanding Neurodiversity

Understanding Needs &
preparing learners

Interorganisational Communication

Creating Networks and
learning about different
roles

Mobility Planning

Funding Opportunities and
Planning Guidelines

What Impact offers

- Step by step learning pathway to facilitate learning mobilities
- Competence Oriented Learning
- Practical Support for a pilot mobility
- A Network of mobility organisations
- Competence Validation & Recognition

How Impact works

- Online- Learning Modules
- 5-day course on Mobility Planning
- Project Pilots and Mobility Support
- Guidelines on Mobility Planning, Facilitation and Learning Validation

Get Involved!

Whether you are an **educator, counselor, mobility planner or an interested organisation** Impact invites you to be part of a journey towards inclusive mobilities.

EXPLORE. EXCHANGE. EXPERIENCE.

JOIN THE NEUROINCLUSIVE IMPACT PATHWAY

LEARNING PATHWAY

The Neuroinclusive Learning Pathway creates an all around learning programme from understanding neurodiversity to planning mobilities to facilitating them with support from the Impact Network:

- E-Learning: Learn about theoretical elements of Neurodiversity and Mobility Planning
- European 5-day course in Göttingen: Learn how to plan a mobility, find partner organisation and build a network for future cooperation in european learning
- Mobility pilots: Create a pilot mobility sending you and your learners on a unique learning experience to an european partner while being supported from the IMPACT network

WHY JOIN THE IMPACT PATHWAY?

Attend our Learning Opportunities (find more information in the programme below)

- 5-day-course in Göttingen, 12th - 17th October
- Practical Mobility Planning and problem-solving
- Competence-based inputs on neurodiversity, mobility planning and KA1 funding opportunities

European Collaboration

Connect with educators, mobility planners, and institutions across Europe. Co-develop mobility pilots, use the PROVIDE platform, and engage with the IMPACT network.

Access to Funding Support

Receive guidance for planning & implementing mobility projects for inclusive learners and beyond (Erasmus+ KA1).

WHO CAN JOIN?

- Educators and trainers working with neurodivergent and vulnerable adults
- Mobility organisers who want to learn more about inclusive mobilities and neurodiversity
- Staff or accompanying personell who are interested in joining inclusive mobilities

Inclusive Mobility Course: Travelling and learning with neurodivergent and vulnerable adults

Programme: 12th October - 17th October, Göttingen, Germany

	Monday	Tuesday	Wednesday	Thursday	Friday
Morning		10:00 Input: Understanding Neurodivergent Learners and Accessible Communication 11:00 Group Work Create the persona (definition of target group)	10:00 Input Development of adjusted learning programmes and day planning 11:00 Group Work From Ideation to Programme Planning	10:00 Input Travel Preparation for Diverse Needs 11:00 Group Work Travel & Accommodation	10:00 Group Work Mobility Project Presentation 12:00 Wrap-up and Feedback
Lunch		12:30 - 14:00 Lunch	12:30 - 14:00 Lunch	12:30 - 14:00 Lunch	13:00 - 14:30 Final Lunch (optional)
Afternoon	14:00 Introduction, Welcome & Ice-breaking 15:30 Group Work Forming Work Groups: Group identity, Objectives and Challenge	14:00 Input Stakeholders, tasks and roles Mobility Development Guideline 15:30 Group Work Ideation for Mobility planning	14:00 Group Work Mobility Development	14:00 Group Work Prototyping and Preparing Presentation	
Evening			19:30 Joint Dinner
